THIRTY-SECOND ANNUAL REPORT  
OF THE  
BOARD OF MANAGERS  
OF THE  
SCHOOL FOR THE BLIND, HALIFAX, N.S.

---

*Introduction.* The Board of Managers have great pleasure in submitting to the members of the Corporation, to the Provincial Governments and Legislatures interested, and to the friends of the Institution, the thirty-second annual report. In doing so, they desire to express their gratitude for the support which the School has received from the Provincial Legislatures and Municipalities, and from private individuals. This generous support has enabled your Board to efficiently carry on the work of the School, and under the guidance of Almighty God to make the Institution a blessing to those who are deprived of sight.

*Superintendent's Report.* The Superintendent's Report, which is hereto appended, will be found to give some interesting details with respect to the School, its staff of teachers, and the general work of educating the Blind.

The members of the teaching staff have been devoted to their work, and their patience and perseverance are worthy of the highest commendation.

Mr. H. B. Campbell has been appointed Principal of the Musical Department, and his appointment will, we believe, be of advantage to the School.

A beginning has been made in the teaching of Massage, and it is expected that this new occupation will give employment to a number of our graduates.

It has been the wish of your Board to make the several departments of the School as practical and effective as the means at our disposal would allow, and while we have every reason to congratulate ourselves on what has already been accomplished, we fully realize that had we a larger income at our command, many advantages might be given to the pupils, which under present circumstances are impossible. We should like, for instance, to equip

reading rooms for both boys and girls, and to place within their reach all the books of reference now published in the Braille point system. To do this would involve an outlay of \$2,000.00, and our annual income will not at present warrant this expenditure.

*The late Mr. A. M. Chisholm.* We insert in this report an extract from the minutes of the meeting of the Board of Managers held on February 4th, 1902. This extract will serve to show how highly the services of the late Mr. Chisholm were appreciated by your Board. The minute reads as follows: "Resolved that this Board desires to place on record its appreciation of the faithful and efficient services performed by the late Professor A. M. Chisholm as principal of the Musical Department of the School. Mr Chisholm's enthusiasm was an inspiration to his pupils and by his death the School has lost a devoted and painstaking teacher." "Resolved, that the Board of Managers desires to convey to Mrs. Chisholm and the relatives of the deceased, its sincere sympathy for the bereavement they have sustained."

*Domestic Department.* The Domestic Department of the School has been efficiently conducted during the year by the matron, Mrs. Chisholm, and her two assistants. Owing to the crowded state of the building, and the constant use of many of the rooms, the work of this department has been more difficult than usual. Notwithstanding these drawbacks, and her personal bereavement, the matron has done her best to further the comfort of the teachers and pupils. The care of a household numbering one hundred and forty-six persons, the majority of whom are under fifteen years of age, involves great responsibility, and involves constant and untiring supervision.

*Growth of the School.* During the past ten years the number of pupils in this School has grown from forty-six to one hundred and twenty. This is due to the increased interest taken by parents and guardians in the education of those deprived of sight, to the wider knowledge that exists with respect to the work of the School, and to the efforts of the graduates of the Institution, who, appreciating what the School has done for them, desire to have the same privileges extended to every blind boy and girl in the country. The advance in our numbers is fortunately not due to an increase in the number of those who are blind, but simply to the fact that a largely increased number of blind persons are availing themselves of the advantages which the School, the benevolent public, and the respective Governments, have placed within their reach.

*Legislative Support.* Nova Scotia sends to the School seventy-four pupils; New Brunswick, thirty-two; Prince Edward Island,

six; and Newfoundland, nine. In the Provinces of Nova Scotia and New Brunswick statutory provision for the free education of the Blind has been made by Legislative enactment. Annual appropriations are made to the School by the Legislatures of Prince Edward Island and Newfoundland to provide for the education of a limited number of beneficiaries. The limit in the case of Newfoundland has hitherto been eight pupils, but as several additional applications were received and the applicants were very desirous of being admitted, your Board decided to admit them and sincerely trust that the Government and Legislature of Newfoundland will increase the appropriation so as to cover the cost of their education.

*Increased Accommodation.* In the last annual report submitted by the Board, special attention was called to the fact that increased accommodation was urgently required. Before taking any definite steps to secure funds, the question of the present needs and the probable future requirements of the School were fully considered, and it was unanimously agreed that in providing increased accommodation a new building should be erected distinct from the present buildings and connected with them by a covered way. This new building would serve as a school house for the pupils, in which they would spend their hours of study and work, and in which special provision should be made for recreation rooms during inclement weather. Under this arrangement, the present buildings were to be utilized for residence purposes, and the pupils after their school work was done, would come to their respective departments each of which would have ample reading room, sitting room, dining room, dormitory and lavatory accommodation.

Mr. J. C. Dunaresq was then asked to prepare plans and specifications in accordance with the foregoing ideas, and these plans, with a few alterations, were finally adopted by your Board.

*The Next Step.* In February last, your Board by appointment waited upon the Government of Nova Scotia, and urged upon that honorable body the advisability of making a special appropriation towards the erection of the proposed new building. The members of the Government received the deputation most kindly, and assured your Board that the matter would have their favorable consideration. Subsequently the Legislature of the Province appropriated \$20,000 towards the new building.

In the early spring we received in response to our advertisements a number of tenders from responsible contractors. These were considerably in excess of the estimates of cost previously made and the work was delayed for several months in the hope that building material would decline in price and thus enable us to secure the building for a smaller outlay. In midsummer it became

apparent from the number of new applications for the admission of pupils which were being received, that definite action must at once be taken. The plans and specifications were then carefully revised with a view to greater economy and new tenders were called for, resulting in the contract being awarded to S. Marshall & Son, for the sum of \$54,506.00, after which, building operations were commenced.

*The New Building.* The new building, which will contain four stories including the basement, will be one hundred and thirty-one feet in length by seventy-one in width. It will, we believe, be one of the most modern school buildings for the Blind on the continent. Its erection will enable us to receive and educate forty pupils in addition to our present number. With this new building completed we hope to be able to develop our Literary, Musical and Industrial Departments.

*Public Support.* In undertaking this forward step to further the education of the Blind, your Board have relied on the hearty co-operation and generous support of the public-spirited men and women in Nova Scotia, New Brunswick, Prince Edward Island and Newfoundland. The gratifying responses which have already been made to our appeal in the cities, towns and villages visited by the representatives of the School, prove that the public are deeply interested in the work of this Institution, and are prepared to actively co-operate with us in promoting the welfare of the Blind. During the coming year other localities will be visited by the Superintendent and members of the Staff, and we feel confident that the contributions and subscriptions received, will materially augment our building fund. All contributors and subscribers may rest assured that their donations will be thankfully received and that every dollar contributed will be carefully and judiciously expended in furthering the interests of those deprived of sight.

*The Superintendent.* The Managers have much pleasure in again expressing their sense of the invaluable services of the Superintendent, Dr. C. F. Fraser, to whose ability and devotion is largely due the confidence felt in the educational and financial management of the School throughout the entire Maritime Provinces and Newfoundland.

*Late Members of the Board.* It is with regret that your Board records the death of Mr. W. H. Neal, who has been one of the managers of the Institution from the inception of the School, and for upwards of thirty years has annually audited its accounts. The late Mr. Neal took an active part in the affairs of the Institution, was a regular attendant at the meetings of the Board of Managers and took a warm interest in the welfare of the Blind.

We also regret to have to record the death of Mr. J. Wesley Smith, who was elected a member of the Board of Managers in 1897. Owing to ill health Mr. Smith has been unable to take an active part in the management of the School, but he always evinced a deep and kindly interest in its progress.

*Acknowledgments.* In addition to the donations elsewhere acknowledged, your Board gratefully acknowledges the following bequests : Estate of Miss Little, Halifax, \$500 ; estate of M. A. Buckley, California, \$150 : estate of E. P. Archibold, Halifax, \$25 on account ; estate of Thomas Kelly, Halifax, \$10. These bequests, which amount to \$685, have been invested, and now form part of our endowment fund. The interest from this fund is used to supplement our current income from other sources, and enables the Board to give to the pupils many special educational advantages.

The thanks of the Board are due Drs. Lindsay, Kirkpatrick and Cogswell, who have during the year, and for many previous years, been unremitting in their attention to the pupils, giving their attention free of charge.

The Board of Managers also desires to express its thanks to Mr. J. D. Medcalfe, Mr. W. E. Hebb, Mr. H. B. Clarke, the Halifax Symphony Orchestra, and other individuals and organizations for kindly admitting the pupils to lectures, concerts. etc., under their respective managements.

The Exhibition Commissioners have our sincere thanks for admitting the pupils to the Provincial Exhibition.

The Railways and other Transportation Companies have our thanks for the special rates granted and for the uniform kindness and care shown to the pupils while travelling to and from their homes.

All of which is respectfully submitted.

W. C. SILVER,  
*President.*

# Superintendent's Report.

*To the President and Board of Managers of the School for the Blind.*

GENTLEMEN,—The table of attendance herewith submitted shows that 145 blind persons have been under instruction during the past year, of whom 87 were males and 58 females. Of these 24 have since graduated or remained at home, making the total registered December 1st, 1902, 121, of whom 73 are males and 48 females. Of these 74 are from the Province of Nova Scotia, 32 from New Brunswick, 6 from Prince Edward Island, and 9 from Newfoundland.

## TEACHING STAFF.

The education imparted to the pupils of a school may generally be measured by the character and attainments of the members of its teaching staff. This is especially true of a School for the Blind, where the pupils come in contact with the teachers during the hours of recreation as well as in those devoted to study. This School is fortunate in having a strong and effective staff of teachers, the members of which are devoted to the work in which they are engaged. The personnel of the Staff, with one notable exception, remains the same as this date last year. In January last the School suffered a severe loss through the death of Mr. A. M. Chisholm, who for fifteen years had been Principal of the Musical Department. Mr. Chisholm entered this Institution as a pupil in 1872, and graduated in 1879. He subsequently spent two years in Berlin perfecting his musical education. As a teacher he was skillful, zealous, and energetic and his pupils, inspired by his enthusiasm, stimulated by his example, and guided by his instruction, seldom failed to become thorough and practical teachers of Music. Mr. Chisholm gave to his work the best that was in him and his

memory will long be cherished with feelings of love and esteem by those for whose welfare he so faithfully labored.

Mr. H. B. Campbell, who entered upon his duties as Principal of the Musical Department in September last, has many qualifications which fit him for the responsible position he now fills. After taking an eight years' course in this Institution, Mr. Campbell went to Leipsic, where for two years he studied the piano-forte under eminent Masters. On his return to this country he settled in St. John, N. B., and for the past three years has been recognized as one of the most successful piano-forte teachers in that city. Mr. Campbell thoroughly understands the difficulties with which his pupils will have to contend and the necessity that exists for their attaining a high standard of excellence both as performers and instructors. He appreciates the facts that at least 40 per cent of the graduates of the School maintain themselves as teachers of music, and he realizes the great responsibility for the after success of the pupils which rests upon him and his assistants in the Musical Department.

The work of the Literary Department has been ably carried on by Miss Frame, Mr. S. R. Hussey, Miss Baker, Professor Lanos, Miss Bowes and two assistants. Miss Josie Howe, Miss Campbell and Miss Collanan have devoted themselves to the progress of the little boys and girls in the Kindergarten and Primary Departments.

During the year the Musical Department has been re-organized under the Principalship of Mr. H. B. Campbell. Mr. Campbell is assisted by Mr. Hubley and Miss Studd as piano-forte teachers; by Miss J. Allison as vocal teacher; by Miss L. Mott and Miss B. Mott as teachers of the Mandolin and Guitar; and by Messrs. Covey, Hanson, and Warren as teachers of the Cornet, Clarionette and Band.

The work of the Tuning Department under Mr. D. M. Reid, of the Industrial Department under Mr. D. A. Baird, of the Gymnasium under Mr. James Seringeour, and the Girls' Work Department under Miss Campbell and Miss Mott, has been satisfactorily carried on.

The pupils have fully appreciated the educational opportunities afforded to them by the several Departments of the School and, with few exceptions, have been diligent and persevering students.

#### COURSE OF INSTRUCTION.

One of the principal objects of this School is to give to the pupils a broad and practical training such as will enable them to become self-supporting. Our course of instruction has been carefully arranged with this end in view, and so far as can be learned its results are well up to the average of the leading Institutions for

the Blind in other countries. In addition to receiving instruction in all the regular branches of education as taught in the public schools, our pupils are trained as piano-forte teachers, teachers of vocal music, piano-forte tuners, basket and brush makers, chair seaters, etc. The girls receive special training in crocheting, knitting, sewing, in the use of the sewing machine, and other work. Four girls are now receiving instruction in Massage, and have been placed under the tuition of Miss Una Legg, a graduate of this School. Miss Legg spent eight months in London, G. B., in the studio of Dr. Fletcher Little, and received a first class certificate as a Masseuse. Speaking in London at a conference of educators of the Blind, Dr. Fletcher Little referred to the many masseuses with sight employed in the hospitals and other institutions. Continuing he said: "Massage is now placed upon a scientific basis, and I see no reason whatever why blind persons should not hold such appointments. I am glad to say that they are well paid and their work appreciated, and if the Blind are employed in the hospitals and institutions of the country, it will be good for them and for the Institutions." Professor McHardy, of the Massage Institute of London, in speaking at the conference said: "In this practice of massage by the Blind there is a very real and promising opening both to help the Blind and for the Blind to help others."

#### APPLIANCES.

Dr. Dessaud, of Paris, has recently perfected a simple machine for writing Braille point characters. This machine promises to be of very great advantage in the education of the Blind. At present when writing, a blind student proceeds from right to left and the points are embossed downwards; the paper is then reversed, and the student reads from left to right. He thus practically has to learn two alphabets, and moreover he cannot examine and correct his work until the paper is removed from the frame. With Dr. Dessaud's machine the writing is done from left to right, and the points are embossed from beneath the paper, so that the student can correct his work as it proceeds. The advantage of this simple device will be at once apparent to all, and it is satisfactory to note that its cost will not be greatly in excess of the Braille writing frame now in general use.

#### HEALTH.

It is gratifying to report that the health of the pupils during the past year has been most satisfactory. Several of the pupils who came to us constitutionally weak have required the special attention of the attending physician, Dr. A. W. H. Lindsay, but

these quickly responded to treatment and have since become strong and healthy.

The systematic physical training, the good, wholesome diet, the regular hours, the healthy situation of the School, with abundance of sunshine and fresh air, conduce to insure to the pupils a standard of health quite equal to that enjoyed by any school of its size in the country.

#### GRADUATES.

At the close of the last School year, certificates of competency were awarded as follows :

Vernor Jones, Pownal, P. E. I., a first-class certificate as a teacher of music, also a first-class certificate as a piano-forte tuner.

Edgar Bursey, Hants Harbor, Nfld., a certificate as a teacher of music.

John McDonald, Mabou, C. B., a first class certificate as a piano-forte tuner.

James Ronsse, Wellington, N. S., a certificate as a basket maker and brush maker.

James McKay, Hunter's Mountain, C. B., a certificate as a brush maker.

In addition to the foregoing, Miss Rachael McLeod, of Point Aconi, C. B., was awarded a graduating certificate from the Girls' Work Department. These young people have received a thorough training, and are now in a position to maintain themselves.

#### THREE NOTABLE CONFERENCES.

During the year three notable conferences of the instructors of the Blind have been held. These were convened in London, Great Britain; Brussels, Belgium; and Raleigh, North Carolina. In two of these Conferences this School was represented. From the reports of these conventions that have been received, it is evident that a great forward movement is now taking place in the education of the Blind in Europe and America, and that the interest in the welfare of those who are deprived of sight is steadily on the increase. It is also apparent that if this School is to hold its place among the leading institutions for the Blind in the world, we must be prepared to give our pupils increased educational advantages and increased facilities for that training which will enable them to secure more lucrative employment and more responsible positions.

#### OUR FORWARD MOVEMENT.

The great English educator, Edward Thring, said in speaking of his school, "That proper machinery for work, proper tools of all sorts, are at least as necessary in making a boy take a given shape

as in making a deal box." The machinery and tools in a school are the buildings, appliances, library, grounds, etc. If the buildings be over-crowded, the appliances meagre, the library indifferent, and the grounds contracted, then the teachers work at a great disadvantage. The first and most important piece of machinery necessary to a well-organized school is its building, or buildings, in which the school is carried on. This fact has always been taken into consideration in this institution, and when the growth in the number of the pupils imperatively demanded more school rooms, music rooms, dormitories, or other accommodation, an appeal has been made to the Legislature and to the public, and the response has always been most encouraging. In 1890, with thirty-one pupils, it was felt that additional room was required, and with the help of the Legislature and the friends of the School, the east wing of the building was erected. In 1896, when the pupils had grown to seventy in number, the accommodation was felt to be inadequate. The Legislature and public were again appealed to, and the commodious west wing was erected. The pupils now number one hundred and twenty-one, and many others are seeking admission. Increased accommodation is urgently required, and believing that the public would support any reasonable effort that might be made to promote the welfare of those who are deprived of sight, a large up-to-date school building has been planned and the work upon the same commenced.

### THE NEW BUILDING.

It has been decided to erect the new school building south of the present building, connected with it by a covered way or corridor. In the new school building will be concentrated all the regular work of the School. The building will contain (in addition to school rooms, music rooms, tuning rooms and an assembly hall) a printing office, manual training department, a gymnasium for boys, a gymnasium for girls, lavatories, etc. In the southern portion there are to be dormitories and other accommodation for pupils in the kindergarten and primary divisions. The present buildings will be utilized for residence purposes, and will make it possible to provide library, reading room, and sitting room accommodation, which is at present urgently required.

### FAITH BASED ON REASONS.

The forward movement of this School involves heavy responsibilities and persistent effort, but the work of erecting and equipping the new school building has been undertaken with strong faith that it will be carried successfully through. This faith is based on the following reasons :

First. More pupils are applying for admission.

Second. The School should be ready to receive all eligible blind persons who may apply.

Third. More accommodation is urgently required for those now in attendance.

Fourth. — More accommodation is required for the development and equipment of the several departments of the School.

Fifth. The public recognize that the School is doing a practical work for the Blind, deserving of support.

Sixth. The people of the Maritime Provinces and Newfoundland are public spirited, and are always willing to liberally assist any institution in which they have confidence, and in the development and progress of which they are interested.

#### WAYS AND MEANS.

Immediately after the Legislature of Nova Scotia had made the liberal appropriation of \$20,000 towards the new school building, active measures were taken to secure subscriptions and contributions in all parts of the Maritime Provinces. A pamphlet dealing with the matter was prepared and widely circulated. Schools, Sunday Schools, and other organizations were asked to assist through brick buyers or collecting cards. Many benevolent persons obtained subscription books and were active in soliciting contributions. So far as time would permit, a personal canvass was made in Halifax, and twenty-four public meetings were held in the eastern and western portions of Nova Scotia. The result of these efforts to date is a subscription of \$12,057.65, upon which \$5,222.28 has already been paid in. This amount is likely to be substantially increased by the subscriptions of those who have signified their intention to contribute, by the receipts from the hundreds of brick buyers scattered throughout the country, and by the efforts of the ladies and gentlemen who still hold their subscription books and are doing their best to fill them.

#### ACKNOWLEDGMENTS.

I desire to express my deep sense of obligation to the many friends of the Blind for all that they have done and are doing for this School, and for the welfare of those deprived of sight. During the year just closed I have been more than ever impressed with the breadth and depth of the interest that is taken in this Institution. My personal solicitations for aid in erecting our new building have been cordially received and liberally met. In the many large and enthusiastic public meetings which I have addressed, a deep interest in the welfare of the School has been evinced, and

generous contributions have been made towards our building fund. Ladies and gentlemen, boys and girls, schools, Sunday Schools, and other organizations in all parts of the country have co-operated by raising money through brick buyers, collecting cards or subscription books. My special thanks are due to the gentlemen who so ably carried out the arrangements for our concerts and public meetings, and to the ladies and gentlemen who so kindly opened their hospitable homes and entertained the pupils in the several localities where such meetings were held.

#### CONCLUSION.

In conclusion, gentlemen, accept my thanks for the encouragement you have given to me in the carrying on of this work, and let me say your deep interest in the school, your willingness to consider and solve its problems, and your strong support of my administration, have made it possible to inaugurate the great forward movement now in progress.

All of which is respectfully submitted.

C. F. FRASER,  
*Superintendent*

## AN ACT

### Respecting the Education of the Blind of Nova Scotia.

#### Chapter 54.

1. (1).—The parent or guardian of any blind person between the ages of six and twenty-one years, who has, under the provisions of "Chapter 50," a settlement in any municipality, city, or town, may apply to the warden of such municipality, or to the mayor of such city or town, for an order for the admission of such person into the Halifax School for the Blind, which order the said warden or mayor shall at once grant under his hand and the corporate seal of the municipality, city or town, on being satisfied that such blind person is between the ages above prescribed, and has a legal settlement in such municipality, city or town.—1895, C. 1, S. 114, part.

(2).—Such order shall entitle the blind person named therein to be received in to the Halifax School for the Blind, and subject to the conditions in this Chapter prescribed, to be educated and boarded therein during the school term.—1895, C. 1, S. 114, part.

2. (1) — Pupils entering the School between the ages of six and ten years shall be entitled to remain seven years in addition to the time in attendance under ten years of age; those entering between the ages of ten and thirteen years, shall be entitled to remain seven years; those entering between the ages of thirteen and seventeen shall be entitled to remain five years, and those entering between the ages of seventeen and twenty-one years shall be entitled to remain three years.

(2).—The Council of Public Instruction may, upon the recommendation of the Board of Managers, extend the time of attendance of any pupil.

(3).—In the case of hopeless incapacity, serious misconduct, or other sufficient cause on the part of any pupil, the prescribed term may be shortened at the discretion of the Board of Managers of the School.—1895, C. 1, S. 114, part.

3. For every blind person received into the Halifax School for the Blind under an order from the warden of any municipality, or from the mayor of an incorporated town which contributes to the municipal school fund, and educated and boarded therein, the Board of Managers of such school shall be entitled to receive from the provincial treasury the sum of seventy five dollars per annum, payable half yearly, and also to receive annually the same sum, payable half yearly, from the municipal school fund of such municipality.—1895, C. 1, S. 114, part.

4. For every blind person who is admitted into the Halifax School for the Blind, under an order from the mayor of a city or town, an allowance to the Board of Managers of the school of seventy-five dollars per annum shall be rated upon the inhabitants of said city or town in case such city or town does not contribute to or draw from the municipal school fund, and in such case such sum shall be paid to the managers for each such blind person sent to the school, and there shall be paid to the managers from the provincial treasury for each such blind person for which such city or town contributes such allowance the sum of seventy five dollars, in Chap. 54, the manner provided in the next preceding section.—1895, C. 1, S. 114, part.

5.—The managers of the Halifax School for the Blind shall furnish, semi annually, to the Council of Public Instruction full turns of the names, ages and residences of the pupils in respect to whom such payments are claimed.—1895, C. 1, S. 114, part.

6.—In the annual apportionment of the municipal school fund the Superintendent of Education shall include the amounts due the managers of the Halifax School for the Blind, and issue drafts therefor on the treasurers of the respective municipalities.—1895, C. 1, S. 114, part.

7.—The Council of Public Instruction, upon being satisfied that an applicant has a settlement within the province, and has no means of paying the expense of his education, may, upon the recommendation of the Board of Managers, make the provisions of this Chapter apply to any blind person over the age of twenty-one years. Such action of the Council of Public Instruction shall entitle the blind person to be received into the School on the same terms as if he were under the age of twenty-one years.—1895, C. 1, S. 114, part.

8.—In the case of any person who has been admitted to the Halifax School for the Blind, or on whose behalf application for admission to such School has been made, who has no settlement within the province, the Provincial Secretary, if satisfied that such person is chargeable to the province, may pay, or agree to pay, to the Board of Managers of the School the same sum as is paid from the provincial treasury in the case of a person admitted under the foregoing provisions of this Chapter.—1895, C. 1, S. 114, part.

9. The parent or guardian of any blind person between the ages of six and twenty-one years, who has not a settlement within this province, may, nevertheless, apply to the warden of any municipality or to the mayor of any city or town for an order for the admission of such person into the Halifax School for the Blind; and if such warden or mayor is satisfied that such parent or guardian has bona fide settled in such municipality, city or town with the inten-

tion of remaining, the warden or mayor may grant such order, which shall have the same force and effect as an order made under the provisions of this Chapter in respect to a person who has a settlement within this province.—1895, C. 1, S. 114, part.

10.—The Provincial Secretary has to be ex-officio a member of the Board of Managers of the Halifax School for the Blind. — 1895, C. 1, S. 114, part.

## AN ACT

### Relating to the Education of the Blind in New Brunswick.

Chap. VIII, Acts of the General Assembly, 1892.

Be it enacted by the Lieutenant-Governor, Legislative Council and Assembly as follows :—

1.—The Parents or Guardians of any blind person between the ages of ten and twenty-one years, who has, under the provisions of Chapter 102 of the Consolidated Statutes of New Brunswick, a settlement within any County or City of the Province, may apply to the Warden of the Municipality, or the Mayor of the City, for an order for the admission of such person into the Halifax School or any other Institution for the Blind approved by the Governor-in-Council, and the said Warden or Mayor on being satisfied that such blind person is between the ages above prescribed and has a legal settlement in the Municipality or City, shall at once grant such order for admission as aforesaid under his hand and the corporate seal of the Municipality or City, and forward the same to the Provincial Secretary for his approval to be endorsed thereon.

2.—Such order so approved by the Provincial Secretary shall entitle the blind person named therein to be received into the Halifax School or other Institution for the Blind as aforesaid, and subject to conditions hereafter to be described, to be educated and boarded therein during the school terms. Pupils under thirteen years of age, when entering the School, shall be entitled to remain seven years; those entering between the ages of thirteen and seventeen shall be entitled to remain five years; and those between the ages of seventeen and twenty-one years to remain three years.

3.—For every blind person received into the Halifax School or other Institution for the Blind, approved, as aforesaid, pursuant to this Act, and educated and boarded therein, the Board of Managers of such School or Institution for the Blind shall be entitled to receive from the Provincial Treasurer, at the rate of seventy-five dollars per annum, payable half-yearly, and also to receive at the same rate from the County School Fund of the Municipality to which the said blind person belongs. This section to apply to the blind persons in attendance at the Halifax Institution at the time of the passing of this Act.

4.—The Board of Managers of the said Halifax School, or other Institution for the Blind approved as aforesaid, shall furnish semi-annually on the first day of January and July in each year, to the Chief Superintendent of Education of the Province of New Bruns-

wick, full returns of the names, ages, residences, attendance, etc., of the pupils in respect of whom the above grants may be claimed.

5. In the semi-annual apportionment of the County School Fund, the Superintendent of Education shall include the amounts due the Managers of any Institution of the Blind and issue drafts therefor on the treasurers of the respective Municipalities.

6. In the case of any incorporated City or Town within the Province in which any blind person, as is designated in the first section of this Act, has a legal settlement, and which City or Town does not contribute to or draw from the County School Fund, there shall be paid by such City or Town to the Board of Managers of the said School an allowance of seventy-five dollars per annum, and such sum shall form part of the general assessment of such City or Town for each blind person sent to said School, and each such blind person sent to the said School shall be admitted to the said School in the manner prescribed in the first Section of this Act, the chief executive officer of the Corporation exercising the powers therein conferred upon the Warden of the Municipality, and there shall be paid to the said Managers from the Provincial Treasury for each such blind person, for which such City or Town contributed such allowance, the sum of seventy five dollars in like manner as is provided in the third Section of this Act.

7. The parents or guardians of any blind person between the ages of ten and twenty-one years who have or has not the settlement referred to in Section One of this Act, may, nevertheless, apply to the Warden of a Municipality or the Mayor of a City for an order for the admission of such person into the Halifax School or other Institution for the blind as aforesaid, and if the Warden or Mayor of a City be satisfied that such parents or guardians have or has *bona fide* settled in the Municipality or City with the intention of remaining, the Warden or Mayor may grant such order in manner and form as prescribed in the first section of this Act, which shall have the same force and effect as an order given under the provisions of the said Section.

8. In the case of any person who has been admitted to the Halifax School or other Institution for the Blind as aforesaid, or on whose behalf application for admission to such School has been made, who has no settlement within any County or District of the Province as required by Section One of this Act, the Provincial Secretary, if satisfied that such person is fairly chargeable to the Province, may pay or agree to pay to the Board of Managers of the said School, the sum of one hundred and fifty dollars per annum from the Provincial Treasury.

## 56 Vic., Cap. 20.

An Act in addition to, and in amendment of an Act relating to the Education of the Blind.

1.—Notwithstanding anything contained in the Act of Assembly, 55th Victoria, Chapter 8, entitled “An Act relating to the Education of the Blind,” the Lieutenant-Governor in Council, upon being satisfied that an applicant has a settlement within the Province of New Brunswick, and has no means of paying the expenses of his or her education, may, by Order-in-Council, make the provisions of said Act apply to any blind person over the age of twenty-one years, and such order shall specify the Municipality in which said blind person has a settlement, and upon which he or she shall be chargeable. Such Order-in-Council shall entitle the blind person mentioned therein to be received at the Halifax School for the Blind, or any other Institution for the Blind, on the same terms as persons mentioned in the first and second sections of the said Act.

2.—Blind persons over the age of twenty-one years so received at the Halifax School for the Blind, or other Institution for the Blind approved by the Lieutenant-Governor-in-Council under the provisions of the preceding section, shall (subject to the approval of the Lieutenant-Governor-in-Council) be entitled to remain three years.

3.—The Lieutenant-Governor-in-Council shall have authority by Order-in-Council, upon the recommendation of the Board of Managers of the Halifax School for the Blind, or any other Institution for the Blind approved by the Lieutenant-Governor-in-Council, to extend the time of any pupil who has entered under the provisions of the Act entitled “An Act relating to the Education of the Blind,” or of this Act in amendment thereof.

## 59 Vic., Cap. 13.

An Act to amend An Act relating to the Education of the Blind.

1.—Section 1 of the Act of Assembly, 55th Victoria, Chapter 8, is hereby amended by erasing the word “ten” in the second line thereof.

2.—Pupils entering the School between the ages of six and ten years, shall be entitled to remain seven years in addition to the time and attendance under ten years of age.

Applications for admission to the School for the Blind and all correspondence should be addressed to—

C. F. FRASER,  
Superintendent.
